

Proposed Traffic and Trail Improvements for Beacon Hill Park

Date: Wednesday, October 27, 2010

For Immediate Release

VICTORIA, BC – Beacon Hill Park is an oasis of both natural and landscaped beauty. Its open vista across the Strait of Juan de Fuca and unique recreation features make it a destination for residents and visitors alike. Based on valuable community input to date, the City of Victoria has developed a draft transportation plan that will guide traffic and trail improvements to make Beacon Hill Park safer and more enjoyable.

Drop by an open house in the community to learn more and provide input. Take the opportunity to view displays and discuss proposed road closures to reduce cut-through traffic, methods to slow down traffic, ways to maintain access to the park's recreation features, and trail improvements.
