

Unofficial 2008 Civic Election Results

Date: Saturday, November 15, 2008

For Immediate Release

VICTORIA, BC — Results from all 15 polling stations have been tabulated; however one electronic card, from the James Bay Community School polling station, was faulty and the ballots are being manually entered again. Therefore final numbers for the entire election are delayed.

It is extremely rare for a card to fail. However, the information is captured on three print outs at the close of the polling station. The numbers from the printouts are known but overall totals for the election cannot be tabulated without all ballots from that polling station being reentered.

However, regardless of the final numbers, the unofficial results are:

Mayor

Dean Fortin

Councillors: (in no order)

Sonya Chandler

Christopher Coleman

Lynn Hunter

Philippe Lucas

John Luton

Pamela Madoff

Charlayne Thornton-Joe

Geoff Young

Final numbers for each candidate, total voter turnout, school trustees and CRD directors will be distributed to media as soon as possible.
