Bike Sense Manual 2021

Committee members provided feedback to the BC Cycling Coalition for purposes of updating the provincial bike sense manual. A detailed list of insights were collected by staff to share. Understanding the audience and focus for this guidebook were critical to targeting content.

Crosswalks, Sidewalks & Traffic Calming 2021

Committee members received a presentation about priorities and program approaches for 2021. Various questions and answers with staff. Presentation to be circulated.

My Great Neighbourhood Grants 2021

Committee members were encouraged to spread the word about the upcoming release of the MGNG program to support community placemaking and active transportation initiatives. Discussion about examples of projects.

Villages & Corridors Planning Process 2021

Committee members were encouraged to participate in discussion groups on Fernwood Village, Hillside / Quadra and North Park neighbourhoods. The focus of the consultation (open until end of February 2021) is on land use density but also connections between neighbourhoods. This is a great opportunity to provide feedback on transit, traffic calming, pedestrian and cycling infrastructure.

Committee Recruitment – Next 2 Year Term

Call out for recruitment forthcoming in February 2021. Members are allowed to apply again. For those who have done 2 terms already, they are not able to be re-appointed until the next call.
