### **Items for Mayor to Follow Up On**

1. Why was “urban” added into Small Urban Village and Large Urban Village in the OCP? Couldn't the language just be “Large Village and Small Village”? Is there any tie of the word “urban” to any provincial policy or other land use rationale?
2. Why is the 400m around the Large Urban Village a policy? What does it mean? Does it mean than anything in that circle can be up to six stories? Can we get rid of the circle as it seems to be confusing and also misleading people.
