

Hello,

Thanks for your interest in our Community Drop In! We will be taking a break for August. The next Community Drop In is **Tuesday November 19th** from **12:30-2:00pm** (note the slightly later meeting time) in my office at City Hall. The schedule for the year is here: www.victoria.ca/dropin

Below is a list of topics that members of the public who dropped in requested we discuss. There are also other items of interest that were shared or requested by participants at the Drop In in the "Links" section Please also see actions that I'll follow up on and responses from staff on previous requests.

Thanks for participating in our community,

Lisa

Agenda Community Drop In October 15th

1. Crosswalk at St. Lawrence and Erie
2. Update on project at Pendergast and Cook
3. Info on Campground on Pandora
4. BC Hydro Disconnections
5. Bike lane etiquette
6. Update on UN Tree Planting Initiative
7. Laurel Point Park Engagement
8. Shore power
9. Crosswalk at Menzies and Quebec

Items I said I'd follow up on:

For Engineering: Is it possible to put a crosswalk at St. Lawrence and Erie Street as per attached photo?

For Engineering: Can you send crosswalk prioritization matrix adopted by Council a few years ago or a link to it if it is on the City's website somewhere.

For Engineering: Good suggestion to have a sign on the westside of the bridge indicating for cyclists to stay left (rather than crossing the footbridge) for a bike way into town. Tourists were observed this summer biking over the footbridge and then riding on the pedestrian only walkway into town.

For Engineering: Re bike lane etiquette. Can we install signs along the route in high-traffic areas that remind people it's a pathway shared by people of all ages and abilities. High speeds and aggressive behaviour have been observed.

For Planning: Can we have an update on where the project at Cook and Pendergast is at?

For Legal: Given that bikes don't have insurance, who is liable if there is a crash between cyclists and damage incurred on the bike lanes?
