

## Help Develop a Plan for Summit Park

Date: Monday, October 26, 2009

For Immediate Release

VICTORIA, BC – Did you know that Summit Park is home to 90 plant species, 40 of which are native, and has one of the largest Garry Oak meadows in Victoria? The City of Victoria is developing a plan to guide future park improvements that will meet the needs of the surrounding community, while ensuring the ecological integrity of the park is preserved.

The media and the public are invited to attend an Open House to review and comment on display boards that illustrate proposed new access to Summit Park, its boundaries, new trails and strategies to ensure the protection of the park's natural areas.

What: OPEN HOUSE: Help Develop a Plan for Summit Park  
When: Wednesday, October 28, 2009, from 4 p.m. – 7 p.m.  
Where: S.J. Willis Alternative School, 923 Topaz Avenue

Registration is not required.

The public is encouraged to take this opportunity to meet with Parks planning staff, ask questions, and provide input to help develop future park improvements that will benefit the community and the environment.

Participants will also have an opportunity to complete a short survey. For more information, visit [www.victoria.ca](http://www.victoria.ca) and click on *What's New?*

– 30 –
