

## Check Your Smoke Alarms While Changing Your Clocks

Date: Friday, October 30, 2009

For Immediate Release

VICTORIA, BC — The Victoria Fire Department reminds residents to change smoke detector batteries this weekend during the switch from Daylight Saving Time.

Consider it to be the most important clock that needs to be changed.

Residents should test smoke alarms once a month, replace any smoke alarm that is more than 10 years old, and change smoke alarm batteries routinely in the spring and fall when clocks are changed.
