Removal of Tower Crane in 800 Block of Johnson Street will Require Full Day Lane Closure

Date: Wednesday, August 17, 2011

VICTORIA, BC – The 20-storey tower crane working on a 13-storey private condominium development in the 800 block of Johnson Street will be moved on Thursday, August 18.

This will result in lane closures from dawn to dusk. A mobile crane and 11 semi trucks will be used to remove the crane from the site. The mobile crane is the largest crane on Vancouver Island and will remove the tower crane in sections over the course of the day.

Commuters are asked to use alternate routes where possible.
