VICTORIA, BC — The City of Victoria would like to know what you think of the pilot road changes in Beacon Hill Park. Changes in traffic direction and road closures in the park will be piloted over the next three months to reduce traffic and make the park more pedestrian and bicycle friendly.

There is a variety of ways for the public to learn more and provide feedback. Take the opportunity to view displays, meet Parks planners, ask questions and complete a short survey at an information booth in the park on:

Saturday, August 11, 2012
9 a.m. – 1 p.m.
Located along the Dallas Road pathway, across from the flag pole at Checkers Pavilion

Saturday, August 25, 2012
12:30 p.m. – 3:30 p.m.
Located off Circle Drive, across from the Beacon Hill Park Petting Zoo

Print surveys are available at the Beacon Hill Park Maintenance Yard located at the end of Nursery Road, and at Victoria City Hall. You can also join the conversation by visiting the City of Victoria website and completing an online survey at: www.victoria.ca/pilotroadchanges

The pilot runs until the end of October. If there is community support for the proposed changes, the temporary bollards will eventually be replaced by permanent curbing, increased green space and multi-use trails.
