

Pandora Avenue Closed for Paving

Date: Wednesday, October 19, 2016

For Immediate Release

VICTORIA, BC — Pandora Avenue is closed in the 600 block, between Douglas Street and Government Street, for paving. This paving work follows water main upgrades done earlier this summer and is being coordinated with the installation of the Pandora Avenue Protected Bike Lanes, #BIKETORIA project. The road will re-open this evening once the new asphalt is ready to accept vehicles.

Background Information on #BIKETORIA

In August, City Council approved the contractor, Brunnell Construction, to start building the two-way, physically protected bike lane on the north side of Pandora Avenue. When the project is complete, it will include a combination of new traffic signals, on-street parking spaces, bollards, paint and planters to separate the bike riders from moving traffic. The bike lane project on Pandora Avenue is expected to be completed by spring 2017.
