

Are You Ready? Make a Plan, Be Prepared, and Get Your Kit Together!

Date: Monday, September 12, 2016

For Immediate Release

VICTORIA, BC — Have you ever thought about what you would do if there was a zombie apocalypse? You may laugh now, but if it happens you'll be happy you attended one of Victoria's *Emergency Preparedness Workshops*. You may even learn a thing or two on how to prepare for a *real* emergency.

Victoria has a one in three probability of a damaging earthquake in the next 50 years. It's not a matter of "if" a damaging earthquake will happen, but when. Other types of disasters that may occur include winter storms, flooding, tsunamis, fires, and hazardous materials incidents.

Sign up for one of our free *Emergency Preparedness Workshops* this fall to learn what you need to do before zombies...or a *real* disaster actually happens, including how to safely store drinking water, put together emergency supply kits, and prepare a family reunification plan.

To register for an upcoming free workshop, call 250.920.3373 or e-mail emvic@victoria.ca
