

## **Pending increases in Taxi Rates.**

This notifies local government that Westwind Cabs Ltd. Is asking Passenger Transportation to implement a 2.7% increase in its taxi rates.

Our request is based on a decision of the PT board to allow taxi companies to request a 2019 Taxi and Limousine Cost Index (TLCI) increase of up to 2.7% for taxis. This decision is based on Consumer Price Index (CPI) data for BC in 2018.

You are receiving this for information only. Local government comment or action is not required. More information about taxi rates in BC and TLCI rate increases is on the PT Board website at:

- Taxi Rates: <https://www.ptboard.bc.ca/taxi-rates.htm>
- TLCI: <https://www.ptboard.bc.ca/tci.htm>

If you have any questions about our request for a rate increase, contact our company representative using the contact information provided below.

Thank you.
