

MEET THE FLEET

Your favourite City fleet vehicles now as trading cards!

One of the most versatile pieces of heavy equipment in the City's roster, the backhoe is a multi-skilled MVP. This excavation tool includes a tractor, loader and backhoe attachment. Operators use the City's backhoes to help connect residents to sewer, stormwater and water mains across the city.

DID YOU KNOW? 💡

The City's backhoe can dig up to roughly 6 metres deep and lift nearly 6,214 kg.

Taking workers to new heights, the sky's the limit for the City's bucket truck. This freightliner can lift electricians and technicians up to roughly 15 metres in the air so they can reach power lines, burnt out bulbs, traffic signals and more.

DID YOU KNOW? 💡

Bucket trucks are sometimes called 'cherry pickers' because they were so popular for fruit-picking when they came to market in the 1900s.

It might look like a regular pick-up, but this new facilities truck is completely electric. Instead of an engine, this F150 is packing a "frunk" (a front trunk). No gas necessary for this shiny rookie. The pick-up truck is used by electricians to monitor and maintain charging stations around Victoria.

DID YOU KNOW? 💡

Over the next two years, the City hopes to replace 143 fleet vehicles with electric models.
