COMPLEX BUILDING

eAPPLICATION CHECKLIST

New Projects, Additions, Excavations and Exterior Alterations

All of the following information is necessary to facilitate a thorough evaluation and timely decision on your application. To expedite the evaluation, all materials submitted must be clear, legible and precise. To achieve this level of customer service, only complete applications that include plans prepared to professional drafting standards will be accepted. Plans/drawings stamped with "not for permit", "not for permit application", or similarly identified as not being suitable for the purpose of Building Permit application are not acceptable.

Digital Applications must adhere to the following file naming and submission standards:

- File Naming Standards: [yyyy-mm-dd][document title].pdf
 - The Application Requirements list includes document names which are bolded and underlined for reference.
 - Example: The application form would be named 2021-01-25 APPLICATION FORM.pdf (USE ALL CAPS)
- **Separate Files Required:** Each applicable document marked (**pdf**) in the Applications Requirements list below must be a separate file and named according to the above file naming standard.
- Your complete Permit Application can be submitted by email to <u>permits@victoria.ca</u>. If you are experiencing issues submitting by email due to file size, please click <u>here</u>.
- If you are unable to submit electronically, please contact Permits Services Representatives at 250-361-0344 to make alternative arrangements for paper submissions.

Applications require a pre-screening check prior to formal acceptance. Plans that fail to meet the pre-screening standards detailed in this form will not be accepted and will require amendments and resubmission.
